

**PUBLIC NOTICE**  
**ATTENTION TOWN OF SURFSIDE RESIDENTS**

**In order to enhance the safety of our skateboarders and to ensure that the new paint project for Town Hall is not damaged, small barriers have been installed on the walls that inhibit skateboarding. We hope that everyone will understand the need for this action and respect public property.**

**We have spoken with Sunny Isles Beach officials about allowing our citizens to use their new skateboarding facility and they have promised to review utilization after a few months of operation to determine if non-residents will be allowed to use the facility.**

**Thank you.**

**Roger M. Carlton**  
**Town Manager**
